# A Virtual Tour of New Year, New Colors

**SPACE to pause & un-pause**

Abstract is from a Latin word meaning "pulled away, detached," and the basic idea is of something detached from physical, or concrete, reality. At its basis, it is about form, color, line, texture, pattern, composition, and process. These are the formal qualities of artwork because they describe what the art looks like and how it is created.

Mixed Media, Collage, & Paintings
